Student Outreach Programs, Lagging Salaries for Public Colleges and University Executives, Legislative Committee Proposals to Revamp State Education Oversight To Be Addressed At A Sacramento Public Meeting On July 22

July 12, 2002 – Sacramento – The California Postsecondary Education Commission will meet in Sacramento at the State Capitol on Monday July 22 to consider, among other topics, adoption of a report that shows salaries for executives at California public colleges and universities lag far behind comparison institutions. Other topics include potential adoption of a report with recommendations on setting priorities for educational technology funding in California, outreach programs at state high schools, and other education related matters.

Additionally, members of the Commission will hear for the first time from Robert L. Moore, newly appointed interim executive director of the agency. He will provide a briefing on the proposals of the Joint Committee to Develop a Master Plan for Higher Education. The full meeting agenda is available at www.cpec.ca.gov. Meeting time and location is as follows:

Monday, July 22, 9:00 a.m.– California State Capitol, Room 437, Sacramento, CA 95814. A portion of the meeting, starting at 1:30 p.m., will be a closed session.
